Jade Westover - Software Developer | (541) 891-9021 | jade424433@gmail.com

SUMMARY

- **Innovative and dedicated individual** -- Offering 5+ years of experience exceeding customers expectations and contributing to company success.
- **3+ years experience developing and debugging software** -- Has the knowhow and experience to develop new and existing software, including web sites and applications, using a wide range of technologies.
- **Loves learning new technologies** -- Quick learner that can learn and apply new technologies to any work environment.
- **Experience with industry tools** -- Has used tools such as Git, GitHub, Bitbucket, Sourcetree, Jira, Jenkins and Postman throughout the SDLC.

TECHNOLOGIES

Javascript, HTML, CSS, Typescript, C#, Python, Java, C++, ASP.NET, Xamarin, Angular, React, Django, Django REST Framework, Express, Node, PostgreSQL, SQLite, SQL, Microsoft Azure, DigitalOcean

RECENT EXPERIENCE

Breeder Zoo (Remote Position) - *Software Developer*   AUGUST 2017 - MAY 2018

- Instrumental in encouraging Breeder Zoo's engineering team to adopt emerging standards for software application and cloud solutions.
- Envisioned, re-designed, and built Breeder Zoo's existing desktop application into a web based **SaaS** using **Angular 4**, **Django**, and **Django Rest Framework**.
- Structured, designed and developed a relational database integrated into the application using **PostgreSQL**, creating a user experience where new data is instantaneously saved to the cloud.
- Strived to improve upon the original application in every way possible, looking for places streamline processes for customers, while at the same time **maximizing revenue** for BreederZoo.
- Included **customer feedback** into the software, as to provide an experience that is exceptional for all users.

Surescripts - *Software Engineering Intern*   JUNE 2017 - AUGUST 2017

- Created a full stack **web application** using **.NET** technologies and **Angular 4** that greatly simplified Surescripts process to create medical questionnaires, allowing employees with no programming experience to create these questionnaires quickly and easily.
- Quickly got up to speed learning Angular 4, implementing the framework into the project just a week in.
- Contributed software engineering expertise in the development of products through the software lifecycle, from requirements definition through successful deployment.
- Excelled in rapid application development by leveraging expertise in **Agile** practices and industry standard **DevOps** tools.
- Solved logical problems in code using various debugging techniques, ensuring that the product was "bullet-proof".
- Presented the application to a team of executives, including Surescripts CEO, who praised the presentation, stating it was the best one that he had seen.

EXPERIENCE CONT.

Staples - *Technical Support/Sales Associate*   JUNE 2016 - JUNE 2017

- Was named employee of the month.
- Repaired personal computers with varying issues, both software and hardware related, tailoring each repair to ensure customers left satisfied.
- Assessed each individual customer situation, providing a thoughtful recommendation of how to solve their technical issue in non-technical language.
- Helped boost customer satisfaction scores, as well as meet and exceed sales goals.
- Provided phone technical support**,** making sure each customer was satisfied and had the best solution for their issue, whether that be installing software or troubleshooting.
- Wrote **documentation** of fixes and solutions to new problems, as well as kept a daily log of repairs, allowing us to keep a high level of organization.

EDUCATION

Portland State University, Portland, OR - *BS of Computer Science*

SEPTEMBER 2016 - Ongoing

- **GPA:** 3.3
- **Relevant Coursework:** Computer Systems Programming, Data Structures, Programming Systems and General Computer Science

Klamath Community College, Klamath Falls, OR - *Associate of General Studies*

SEPTEMBER 2012 - JUNE 2014

- **GPA:** 3.5
- **Relevant Coursework:** Microsoft Office Applications, Keyboarding proficiency
